## WHAT HAPPENS NEXT:

### Project Duration:

These emergency repairs to address stormwater infrastructure will be completed by our contractor PB Chenault.

Construction is anticipated to begin on Monday, September 22nd of 2025.

Construction activity can be expected to occur between 9:00 am and 5:00 pm from Monday through Friday each week.

Construction is expected to last approximately two weeks, weather permitting.

Temporary left lane closures and sidewalk detours along West Cary Street can be expected as part of these emergency repairs.

Construction vehicles can be expected in the project area during construction work hours.

Affected businesses will be notified prior to the start of construction.

This flyer will also be updated with additional information as the project progresses.

We greatly appreciate your patience and partnership as these important repairs are made.

### Project Benefits:

This project will improve public safety and eliminate cavitations by repairing stormwater infrastructure along the 3400 block of West Cary Street.
